PROFILE

I have a passion for constantly learning, whether in the world of data science or development, while constantly being on the lookout for new technological advances. My goal is to explore diverse horizons to be able to provide solutions to complex problems in these complementary areas. I continually strive to improve my data science skills while deepening my development expertise, allowing me to gradually accumulate valuable experience in areas that continues to evolve.

- Parcours : Embedded systems and IoT

Bachelor Experimental Sciences
AL Aghalba secondary school of Kairouan

📅 Septembre 2015 - June 2020

SKILLS

Angular	Flutter	GetX
Node.Js	NestJs	Express.Js
SpringBoot	MVC Pattern	Rasa
Python	Flask	ML
DL	NLP	SQL

CERTIFICATS

- ❖ **HackerRank**
  - ❖ **Certification Node.Js**
  - ❖ **Certification Angular**
  - ❖ **Certification JavaScript**
  - ❖ **Certification Python**
  - ❖ **Certification SQL**
  - ❖ **Certification Problem Solving**
- ❖ **Udemy**
  - ❖ **Data Science and Machine Learning With Python**

LANGUAGE

- **Arabic**
- **English A2**
- **French A2**

HOBBIES

- **Developement**
- **AI ML DL**

Web developer (Summer internship)
ETC Tunisie

📅 June 2022 – July 2022   📍 Kairouan

SignNow

Design and development of an electronic document sign platform.

Technologies : Angular – Node.Js – Sequelize.Js – SQL

Mobile Developer (Student)
ISMAI Kairouan

📅 2022   📍 Kairouan

Green House

Development of a control unit and application of IoT for monitoring and controlling a smart agriculture system.

Technologies : Python – Raspberry – Angular – Flutter – PSQL
